# DEFENDO

## Digital Campus Security Made Simple

## The Challenge

- 1 in 3 people experience physical/sexual violence
- 32% of students affected by campus violence
- Physical ID cards limit security options
- Most incidents remain unreported

## Current Limitations

- Complex approval processes block digital services
- Limited security feature integration
- Inefficient access management
- No real-time monitoring capabilities

## Our Solution

- Digital student ID with QR integration
- Multi-factor authentication
- Encrypted data & instant blocking

- Seamless campus integration
- Offline functionality
- Available on iOS & Android

**Enhanced Security**     **Smart Integration**     **Access Control**     **Data-Driven**

## Experience the future of campus security
